

'This is my life and I'll do what I want...and I want a career'

For release: 23/01/2012

If this sounds like you then it may be time to think about what you are going to study that will get you the job you want. Come down and have a chat with our lecturers at the Kimberley Training Institute Enrolment Days for 2012.

If you want to launch a new career, get promoted at work or learn a fun skill this year, a visit to Kimberley Training Institute (KTI) next week may put you on the right track.

KTI welcomes students to enrol for 2012. On Monday 6 February, an "Open Afternoon" will be held at the Broome campus from 3pm to 5pm where visitors can view training demonstrations, talk to local employment and service providers, and enjoy a free BBQ and cool drinks. The afternoon also includes a one-off 'Plant Sale' run by the KTI Horticulture team who are selling native Kimberley plants as well as landscape exotics to raise money for training resources.

Lecturers are available on both days to discuss your training options. However if you're uncertain about your career path, The Workforce Development Centre will also be on site at the Broome Campus on Monday 6th and Tuesday 7th February to offer free career advice.

KTI Managing Director Karen Dickinson said *"You can enrol in training all-year round but the enrolment days are a terrific opportunity to gain first-hand information on your career goals, view the campus facilities and chat to our lecturers in a relaxed environment."*

"In 2011, KTI experienced unprecedented growth and consequently we have many new courses available and have recruited some great lecturers. We're also excited about opening a hospitality facility in town where we'll be running full-time hospitality training, a first in Broome. If you're tied down with work but want to train, many of our courses can be studied online or part-time to work in with your lifestyle".

KTI offers training in a variety of fields including Aquaculture and Maritime, Art and Music, Automotive, Beauty, Business and IT, Community Services, General Education, Horticulture, Hospitality and Tourism, Pastoral, Security, Sport and Recreation and Trades. Assistance with reading, writing and maths is also available.
